

May 11, 2005

To whom it may concern,

It is a pleasure to write a recommendation letter for NucleoDyne Systems.

NucleoDyne Systems has been doing business with our company for several years.

They have an extremely talented group of people, mostly from premier institutes of India.

Professionally they are methodical, motivated and consistently exceed our expectations.

Their dedication to product support is also commendable, they do not hesitate to provide support to our international customers, even in the early hours in the morning.

I can highly recommend them to any company who will be looking for a storage systems development partner.

Sincerely,

Barbara Nelson  
CEO and Chairman  
NeoScale Systems
